Our field of interest is at the elementary level

In most kindergarten facilities, children with different cultural backgrounds live and learn together. Institutions with a lower percentage of children with migrant backgrounds are also confronted with the task to prepare the children to live in a multicultural society. The purpose of Intercultural Education is to promote intercultural skills. We stand up for open, empowering, and constructive relations among the people living together in our society.

Many questions emerge from the pedagogical everyday life in kindergarten facilities:

- How can our children learn with and from each other?
- How can parents be involved in the pedagogical work?
- How can multilingualism in early childhood be promoted?
- How to deal with religious differences?
- How to deal with intercultural conflicts?

The IPE institute supports kindergarten teachers, parents as well as people and institutions to find the answers to these questions.

- We offer further training and counseling services.
- We provide help concerning the development of intercultural concepts and projects.
- We design and produce pedagogical material.

Our utmost concern is to promote the intercultural education of all children irrespective of language, nationality, religion, and origin in order to improve their starting conditions in our multicultural and European society.

HOW COULD YOU HELP?

The spread of the intercultural idea cannot be possible without the support of open-minded and committed citizens. If you are willing to support and/or help shape intercultural education at the elementary level, you can do it in the following ways:

- Join our club as a member
- Donate intercultural material for our library
- Donate money to our club
- Support us with your skills and voluntary work

ADVANTAGES FOR MEMBERS:

- We will invite you to our events (discussions, seminars, festivals...).
- We will inform you about our material and publications.
- We will send our annual report to you.
- You can borrow books for free from our intercultural specialised library and attend our seminars and courses with reduced fees.
